CALIFORNIA WATER CODE SECTION 13267 ORDER TO  
INVESTIGATE**

Dear Mr. Geroch:

Boeing Realty Corporation (BRC) has received the Regional Water Quality Control Board (RWQCB) Water Code Section 13267 Order to Investigate dated March 8, 2005. BRC has also received the RWQCB approval letter dated March 22, 2005 for the "Work Plan For Groundwater Monitoring Well Installation" prepared by Rubicon Engineering on March 10, 2005 in response to the RWQCB Order to Investigate. The RWQCB Order to Investigate and work plan approval letter directed BRC to submit preliminary results of the well installation by May 31, 2005. Due to weather delays and drilling equipment availability, the installation of the monitoring wells has been delayed until April 11, 2005. Outlined below is the current well installation, sampling, and data preparation schedule.

April 11 - April 22, 2005	Well drilling and installation activities
April 25 - April 29, 2005	Well development
May 16 - May 17, 2005	Groundwater sampling
May 31 - June 1, 2005	Receipt of laboratory data
June 2 - June 16, 2005	QA/QC of data and preparation of preliminary data package
June 17, 2005	Submittal of preliminary data package to RWQCB

To avoid non-compliance, BRC requests a 17 day extension for the submittal of the preliminary data package to RWQCB. BRC is not requesting an extension of the due date for the final report of the investigation, required to the RWQCB by July 29, 2005.
